I COMPLETED MISC AI ADMIN WHILE MY PARTNER CONTINUED PATROL WITH OFFICER PARRA. BELOW IS A SYNOPSIS OF YESTERDAY'S HHOT MEETING:
Unfortunately, there was no ice breaker to start the meeting. Courtney from PATH brought the meeting to order and began with Agency Updates. LA DMH and Step Up representatives were not present.

Alex advised there have been 21 clients housed as of today's date. There are also 55 clients matched YTD which equals a total of 225 clients that are matched in the data base. There are a total of 668 potential clients in the data base.

The Center is changing their hours from Monday thru Thursday. They advised the best times to refer clients are

ANDREWS INTL / HBID INCIDENT REPORT/LOG

between 0900 and 1000 hours. They will be closing between 1200 and 1300 hours. There will be staff at the Center on Friday for scheduled services and emergency situations (clothes, showers etc). There is still a feeding on Saturday mornings between 0900 and 1000 hours. Americorp personnel, assigned to the Center, will be at the Hollywood Library on Mondays and the Durant Library (community room) on Thursdays at 1200 hours for outreach, poetry readings and other activities.

The Lord's Lighthouse advised there were no serious concerns this year with the Winter Shelter. They are glad it is officially over. It was a great turnout and there were two placements as a result of those sheltered. There was also numerous CES forms completed which were included in the numbers Alex gave earlier.

Antoine from Broken Hearts has his hands in many future homeless related entities. He discussed his involvement with CES and the collaboration with agencies in and surrounding the Hollywood area. His next goal is to work with the Melrose BID to bring them on board with a regime similar to what is being done in Hollywood. He explained a pilot program involving homeless / previous homeless individuals that have a goal to work. It was described as a fluff and fold utilizing the Laundromat. Workers will try and solicit business from surrounding businesses to build a customer base. The items will be picked up, laundered then dropped off that same day.

Erin from MFP advised two prior housed clients were arrested / incarcerated and will lose their Section 8 housing. Their belongings are still at their apartment at Michael's Village but due to the circumstances of the arrest, their belongings will have to be collected and stored. Erin also spoke of the recent assault involving staff (Frank). Domonique Williams was arrested for an unrated warrant involving BID and he will be held for the current case involving MFP staff. They will try and serve him with a stay away order from the facility. Erin thanked us profusely for our extra patrol and assistance with the situation.

Jennifer from the VA advised they will be holding another community entry event on 03/24/2015. The event will be held at the Patriotic Hall in the Veteran's building on Figueroa Blvd. There will be staff on hand to check Veteran's eligibility for services. After they have been evaluated, they will be able

ANDREWS INTL / HBID INCIDENT REPORT/LOG

to set up appointments, meet with case workers and complete related paperwork to begin the process for their benefits. Jennifer also advised Mark Van Asselt (prior Director at Step up) will be head of VA outreach.

Mike and I represented the Hollywood / Sunset BID. We spoke of our concerns involving **Michael Cross**. He was recently removed from his apartment and currently staying at the Vine Lodge Hotel at 1818 Vine Street. He was unaware of his case worker but told us they are trying to find him another place. We advised Arnie Cartier is talkative and claimed to be living with a friend in West Hollywood. We usually see him at least once a day. His case worker is Rudy from Housing Works- he is aware of our frequent sightings. **Richard McFarthing** is squatting in the parking lot at 1715 Cahuenga Blvd. He still refused any assistance. We also spoke of **Dana Goldsmith** and **Carl Hanson**. Both are refusing any services and little can be done without the help of the CAMP team or LA DMH.

The Covenant House had no new updates. They are working with PATH involving many of their clients.

Herman from PATH expressed concerns with clients that need money for move in costs such as security deposit, furniture and utilities. The Powers brothers have their voucher but have not saved enough for their security deposit.

There was discussion of concern about agencies not communicating. Clients are going from agency to agency, church to church etc trying to obtain furniture or money to help with the move in. It was decided that Courtney will be the contact person. A large donation of furniture from the 'W' hotel was given to PATH to furnish two new homeless housing projects they are opening in the south end. What ever furniture is left over will be available for clients.

We talked about Social Media fundraisers. PATH has one established called the PATH Benevolent Fund. This can assist with the issues listed above. We agreed to help promote by posting the fundraiser on our Facebook accounts.

LAPD Officer Julie Nony expressed her concern with Michael Clagon and Michelle Johnson. They are now on Cole Place and Waring Avenue. They were a constant problem for us in the Sunset BID. They are known as hoarders and accumulate

ANDREWS INTL / HBID INCIDENT REPORT/LOG

excessive amounts of items. She for help from anyone before she has to take Police related actions. Unfortunately LA DMH / Step Up were not at the meeting to assist. Walter Stark is another problem for the LAPD. He was also a problem for us in the Sunset BID. He is setting camp on Lillian Way s/ Sunset Blvd. He is also a hoarder.

Alex was excited about the transferring and integration of CES with HMIS. The new program will be online within a week or so which will allow all users to track the status / concerns of each individual client. There was additional information given which does not pertain to BID involving admin and training of the network.

Nathan advised the United Way will be releasing another RFP (Request for Proposal). We were awarded this grant last year along with downtown. Nathan asked for ideas to incorporate in the proposal which needs to be descriptive and specific in nature. Some ideas were money to assist with move in, assisted client housing (follow up after a client has been housed), motel vouchers for those who have completed everything and waiting for landlord approval, transportation / relocation vouchers (traveler's aid) for those trying to get back to another state / location, a position for someone to search and incentive program for landlords, and money for detox / treatment programs. All were great ideas!
